# Who We Are

**Al Farida Ice is the unique choice that provides you with a comprehensive palette of engineering solutions in the world of air conditioning and refrigeration**

**We offer unique solutions that create a comprehensive range of engineering solutions in the world of heating, ventilation, and air conditioning. Our innovative designs include sandwich panel constructions, and advanced units of industrial refrigeration and rapid freezing rooms, in addition to providing all the essential materials such as the coating for evaporator units, motor winding, and control panels that offer complete control over electrical lines. We don't just stop at providing these services; we also offer maintenance services carried out by skilled professionals who are well-versed in all mechanical details alongside complete overhaul operations. Therefore, make us your technical partner that meets your expectations and creates a balance for you in the world of heating, ventilation, and air conditioning according to the highest standards**

# About Us

## About Al Farida Ice

Al Farida Ice is a leading provider of refrigeration and cooling solutions across Saudi Arabia.

We specialize in supplying, installing, and maintaining cold rooms, blast freezers, chiller systems, industrial refrigeration doors, and commercial cooling equipment.

With a skilled engineering team and a strong commitment to quality, we deliver reliable, energy-efficient systems that meet the operational needs of a wide range of industries.

## What We Do

- ✔ Industrial & commercial refrigeration
- ✔ Turn-key cold room solutions
- ✔ Engineering design & installation
- ✔ Preventive maintenance & after-sales support

# Why Choose Us

## Engineering-Driven Solutions

At **Al Farida Ice**, we don't just supply refrigeration equipment – we engineer complete cooling solutions.

Each project is carefully designed based on temperature requirements, load calculations, space limitations, and operational workflow to ensure maximum efficiency and reliability.

**High-Quality Materials & International Brands**

We work with trusted international brands and high-grade materials to ensure long service life, stable performance, and reduced maintenance costs.

## On-Time Delivery & Project Commitment

We value our clients' time.

All projects are executed according to an agreed schedule, with clear milestones and transparent communication throughout the process.

## Strong After-Sales Support

Our relationship with clients doesn't end after installation.

We offer fast technical support, preventive maintenance programs, and long-term service solutions to ensure uninterrupted operation.

**Professional Installation & Commissioning**

**Customized Solutions for Every Client**

**Energy Efficiency & Cost Optimization**

**Safety & Compliance**

# MISSION & VISION

## Our Mission

**To deliver dependable, high-performance refrigeration solutions with professional execution, quality materials, and exceptional after-sales service.**

## Our Vision

To become one of the most trusted refrigeration solution providers in the region, known for innovation, technical excellence, and customer satisfaction.

## Our Commitment

- Quality workmanship
- On-time delivery
- Long-term client partnerships
- Sustainable & energy-efficient solutions

# OUR SERVICES

## Comprehensive Refrigeration Services

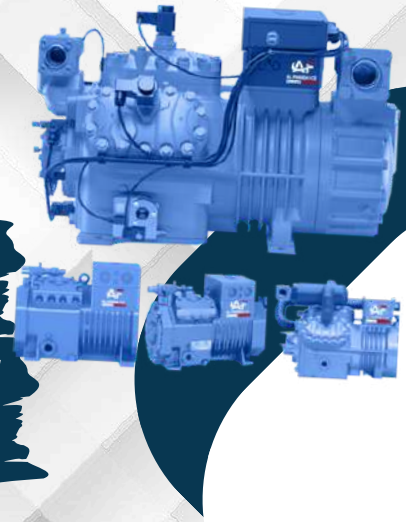

We offer complete solutions for industrial and commercial refrigeration:

- Cold Room Supply & Installation
- Blast Freezer & Chiller Room Installation
- Refrigeration Door Supply (Sliding / Hinged)
- PU Sandwich Panel Supply
- Commercial Display Freezers
- Compressor, Condensing Unit & Evaporator Supply
- Troubleshooting & Repair
- Annual Maintenance Contracts
- Turn-key Refrigeration Projects

Every solution is tailored, installed, and tested for maximum efficiency.

# SOLUTIONS WE PROVIDE

## Cold Room Solutions

- PU panels (various thicknesses)
- Refrigeration units (medium & low temperature)
- Sliding & hinged doors

## Freezer Systems

- Blast freezer systems
- Heavy-duty freezer doors
- High-capacity compressors & evaporators

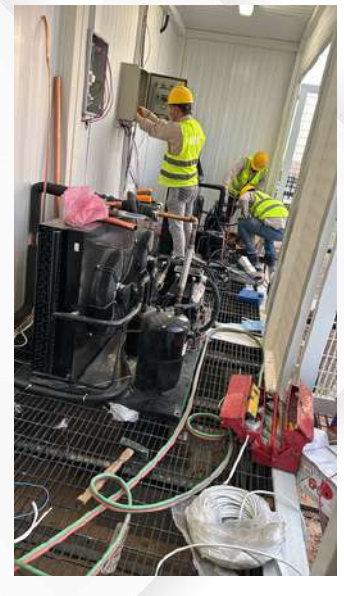

## Commercial Refrigeration

- Display chillers / freezers
- Supermarket refrigeration
- Ice machines

## Smart Microcomputer Temperature Controller ( Mobile Control )

## Control Systems

- Danfoss / Dixell / Carel controllers
- Digital temperature monitoring
- Energy-efficient automation

# CORE VALUES

## Core Values That Guide Us

### Quality & Reliability

We use globally recognized brands and high-end materials.

### Professional Engineering

A highly trained team delivering precise installation and commissioning.

### Customer Focus

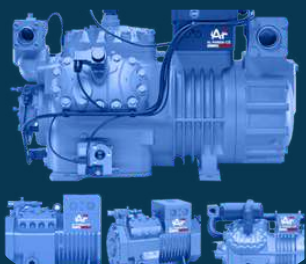

Tailored solutions aligned with your operational requirements.

### Safety & Compliance

Full adherence to safety standards and engineering guidelines.

### After-Sales Support

Fast response, maintenance programs, and continuous technical assistance.

## Our solutions

Cold Rooms

We design, supply, and install cold rooms tailored to different storage needs, including food, pharmaceuticals, and industrial applications, ensuring high efficiency and reliable temperature control.

Cooling Systems

We provide advanced cooling systems using high-quality components to deliver optimal performance, energy efficiency, and long-term operational reliability.

Spare Parts

We supply original and high-quality spare parts for cooling and refrigeration systems, ensuring durability, compatibility, and uninterrupted operation.

Display Cabinet

We offer a wide range of display cabinets designed to preserve product freshness while enhancing visibility and presentation in supermarkets and retail spaces.

# Cold Rooms

## Cooling Units :

We have a large selection of condensing units from COPELANDO and Bitzer

## Evaporators :

The company provides all types of FRIGA-BOHN, LU-VE and GUNTNER evaporators.

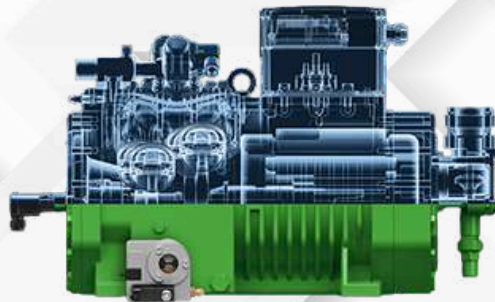

## Central units :

We offer a wide variety of central cooling units that are manufactured according to customer needs

## Compressors :

The company has a huge stock of compressors used in the field of commercial cooling systems produced by COPELAND, Bitzer and MIRACO

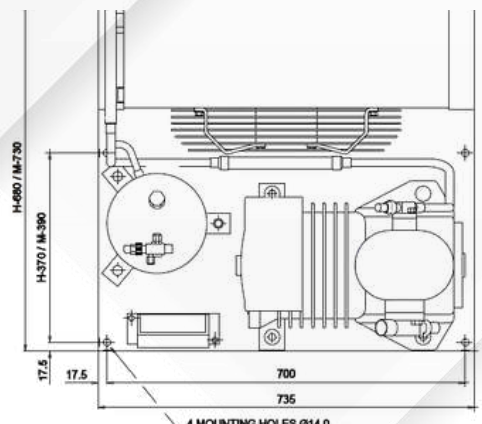

## Condensers :

The company has a huge stock of Condensers used in the field of commercial cooling systems produced by COPELAND, LU-VE and MIRACO

## Copeland Cooling Units : 1.5HP

Weight (kg)	Type	Capacity (Kw)
60	Cooling	3.26
Depth (mm)	Height (mm)	Width (mm)
680	533	735
Compressor Model	Model	
KSJ-15X	H8-KSJ-15X	

## Copeland Cooling Units : 2HP

**FRIGA-BOHN**

**Evaporators**

FRIGA-BOHN is French company, leading company in the field of commercial air conditioning and refrigeration. The company is distinguished by the design and manufacture of high-quality and innovative cooling systems for stores, restaurants and hotels. FRIGA-BOHN focuses on technical innovation, providing products that meet customer needs and comply with industry standards. FRIGA-BOHN is a reliable and professional company in the field of refrigeration and air conditioning on the French market and worldwide.
